Reflection

- Does the team feel they are on track?
  - Yes

- What progress does the team particularly feel good about?
  - Accordions
  - Having a rough to good version of all pages completed

- What help does the team require to move positively forward? & What questions or concerns does the team have?

  - Is the redirection to eventbrite something we are expected to implement for the final design? How would one approach that since we don't have access to their eventbrite?

  - Would that be a similar approach for the paypal option that you were mentioning on monday?
